What's in a name? In this case, a passionate statement of purpose. The 2017 Audi A5 2.0T Sport. The name evokes dynamic handling, peerless innovations and iconic style. Whether in its Coupe or Cabriolet form, or the exhilarating Audi S5 model, this vehicle is perfectly equipped to redefine your concept of a great drive.

Once a sketch.

2017 Audi A5 2.0T Sport Coupe shown in Florett Silver metallic with available equipment.

Now an icon.

At first, it was only a sketch. Over time, those lines became a dynamic statement of form, creating the striking, unmistakable silhouette of the Audi A5. It's a fluid look, framed by a signature Singleframe® grille, illuminated by standard LED day-time running lights and shaped by its iconic roofline. Standard enlarged S line® competition plus bumpers add a muscular look to the vehicle while paying homage to the spirit of Audi Sport® heritage, proving that you can make history off a single sketch on paper.

Getting inside your comfort zone.

As we see it, you can expand your horizons on the road, but on the inside, you should revel in modern luxury. Our interior design emphasizes form and functionality, with controls intuitively placed at your fingertips. The driver-centric cockpit with a flat-bottom three-spoke multifunction sport steering wheel with shift paddles is a way to help ensure you're navigating the vehicle's capabilities while finding the way to your comfort zone.

MMI As

It's time to open up to the world.

Indulge in a world seen and felt with the top down in your Audi A5 2.0T Sport Cabriolet. Day or night, with wind gliding past you, discover a thrilling connection to the world around you—while enjoying the finer things on the inside, like standard leather seating surfaces. With its design, precision and details like a power-retractable roof, the A5 2.0T Sport Cabriolet is bringing sleek style to the open road.

// Active rollover protection system

In the event that your Audi A5 2.0T Sport Cabriolet rolls over, sensors deploy two pop-up roll bars from hidden compartments in the rear. Reinforced A-pillars up front and safety belt pretensioners also help protect passengers. It's another way we keep innovative design a priority.

Give peace of mind a chance.

We understand that you can't control everything you experience on the road. That's why we've engineered innovative solutions to help provide a safer road experience. This includes added strength and safety features in the vehicle, such as rigid occupant safety cell and advanced airbag technologies¹ and an active rollover protection system in the Cabriolet model—setting your mind a little more at ease.

Not reliant on good looks alone.

The thrill of driving lies where power meets confidence. With standard quattro® all-wheel drive, you can experience the intensity of its precision handling. And with the added delivery of power through an available eight-speed Tiptronic® automatic transmission or six-speed manual transmission in the Coupe or standard Tiptronic® in the Cabriolet, you can have the engineering you need to unleash your vehicle's true character.

Dressed for the role it's destined to play.

While this vehicle may move fast, its design isn't fleeting. Daring lines stretch the length of the vehicle's body to give its muscular yet sensual character. Defining the sporty feel are details like quad exhaust tips, S bumpers and Aluminum-optic mirror housings and trim elements that look smart any season.

What's inside gives it character.

In here, character isn't built. It's revealed. Sport-contoured seats with Alcantara® or available Fine Nappa leather seating surfaces signify our dedication to craftsmanship while helping hold you through turns. Performance integrity gets even more intriguing with features that help sharpen your control, like a flat-bottom three-spoke sport steering wheel with the S5 insignia emblazoned on it. Taken as a whole, this is an interior that isn't shy about what it is.

High-performance art that moves you.

Tires are supplied and warrantied by their manufacturer. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snowy or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices.
