

TIME 4 LEASING

Affordable Car Leasing Deals for Everyone

The Power to Surprise

Kia **cee'd** range

www.time4leasing.co.uk/car-leasing/kia-motors/

> Be in control

The cee'd range comprises three stunning bodystyles - the sporty 3-door pro_cee'd, the stylish 5-door cee'd hatchback and the spacious 5-door cee'd Sportswagon. All cee'd models boast our pioneering 7-year warranty and plenty of hi-tech features. Take a look at the instrument cluster with colour LCD screen: it's your command centre for many intelligent features, ranging from trip computer to turn-by-turn instructions, as part of the navigation system. It also displays the Smart Parking Assist System which uses side-mounted sensors to help guide you safely into parallel and perpendicular parking spaces.

1. The electronic parking brake:

For more comfort, press the button instead of pulling a lever

2. Smart Parking Assist System:

Parking, the easy way: the system finds the right space and steers the car into it

3. Trip computer:

Essential data: the computer displays distance to empty, time travelled, fuel usage and a speed indicator. It also monitors the tyre pressure, displays the Lane Departure Warning System and, as shown in picture 3, the rear parking sensors

4. Trip computer/steering mode:

Comfort, Normal or Sport: when you choose Flex Steer, the cluster shows you which steering mode you're in

5. Trip computer/shift indicator:

The trip computer advises which gear to choose to help save fuel and reduce emissions

6. Trip computer/turn-by-turn instructions:

The information cluster even shows you navigation instructions

7. Trip computer/Speed Limit Information Function:

The camera located on the windscreen recognises speed limit signs and displays the information in the cluster as seen in image 7, and on the navigation screen

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

> Where? When? How? The answer is here

Our new navigation system with Kia Connected Services featuring Tom Tom takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the cee'd navigation system to connect to the Internet through your smartphone*. Kia Connected Services also feature Android Auto and Apple CarPlay which are designed for convenience with the aim of reducing driver distraction.

1. Live traffic*:

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

2. Speed cameras*:

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

3. Local search:

If you're looking for a sushi restaurant, a supermarket, or a particular place to meet, simply select Local Search. The database contains searchable categories, 25,000 keywords and 250,000 locations to ensure you find what you need. Plus, the system allows you to search in ten languages, even while abroad.

4. Weather forecast:

Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

* Please check with your dealer for mobile phone compatibility.

Sportswagon practicality & versatility

➤ Deceptively spacious

The spaciously stylish Sportswagon

Want more reasons to fall in love with the cee'd Sportswagon? Here are some practical ones: the 528-litre luggage compartment gives you plenty of freedom to transport your luggage. The rear seats can be split 60:40 or folded for a flat loading area, creating 1,642 litres of luggage space. Plus, there are plenty of options to help you store and secure your items, like handy hooks and separation nets that can be fitted behind the front or the rear seats, a side tray, a pull-out boot cover and an underfloor luggage box. The Sportswagon is simply an expert at using space wisely.

1. Plenty of space:

The cee'd Sportswagon comes with cup holders, armrest storage and a spacious ventilated glove compartment

2. Ample luggage space:

With the rear seats folded flat, the Sportswagon offers 1,642 litres of luggage space. That's plenty for any adventure. And for effortless loading, there's also a flat boot sill

3. Sportswagon's clever luggage rail system:

The vertical rails can be fitted with flexible aluminium bars and adjusted individually to suit different sizes and requirements. They also come with handy belts for round items, whilst luggage hooks slide along the rails as required

4. Ingenious underfloor storage:

The Sportswagon has two underfloor storage compartments: a deep area at the front and a larger compartmentalised underfloor box at the centre for different-sized items. Even the areas around the wheel wells feature practical storage compartments on either side

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

GT-Line

> More desire per second

The look, the trim, the attitude

If you like the sporty side of life, you'll love the GT-Line. This dedicated trim takes the cee'd hatchback, cee'd Sportswagon and pro_ceed to the next level of dynamics. While adding athletic flair to every corner, it also comes with a unique GT-Line suspension setting to match your agile driving style. Choose between the 1.0 T-GDi eco*Turbo* petrol (118bhp) or the 1.6 CRDi diesel model (134 bhp) for a responsive, efficient performance. Start up the engine, and the ice cube LEDs in the muscular front bumper illuminate, ready for action. There's no doubt: the GT-Line is where desire meets adrenalin.

cee'd GT-Line S

> Meet the 'GT Line S'

The 'GT Line S' model is available across all 3 cee'd bodystyles. This model boasts the convenience of a heated steering wheel and heated front seats which are especially useful on cold days. In addition the Lane Departure Warning System means there is no need to worry about drifting out of your lane as this feature alerts you to keep the car exactly where it should be. A camera in the windscreen detects the cars ahead and the High Beam Assist system automatically switches to high or low beam in order to match the right driving directions.

The 'GT Line S' also features a speed limit information function (SLIF) which gives the driver all the necessary information to help you stay within the speed limits. Using the camera on the windscreen it reads speed limits and overtaking restrictions and displays the information clearly on the navigation screen and cluster.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

GT design

> **Cool, calm and calculated**

Coupé-style, sports bumpers on the front and rear, 18" alloy wheels and large brake discs with red calipers, a unique grille sporting the GT badge – the pro_cee'd GT has all the styling fit for an athlete. The 'GT' is also available in the cee'd 5-door hatchback bodystyle.

So take a break, relax and enjoy the view before you embark on a thrilling ride.

LED daytime running lights and sports bumpers: all the must-haves for a muscular appearance

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Attention to detail, GT-style:
the leather-clad steering wheel is
D-shaped for a true performance feel

Turn the 7" LCD cluster into a racing-style speedometer: simply press the GT button on the steering wheel to display torque and turbo data

Take command from your Recaro® seat with red stitching. Designed with a more dynamic drive in mind, the seats are both stylish and offer optimum support

cee'd GT >>>>

Driving dynamics

➤ **More joy in every corner**

Retuned and refined for the most rewarding ride

Our engineers have been hard at work to make every stretch of the road more fun to drive. The extensively fine-tuned suspension features a sophisticated front MacPherson suspension and rear multi-link suspension. As a result, all cee'd models offer excellent handling and drive comfort, even on bumpy roads. Road noise and vibration have also been minimised. Plus, a range of advanced driving aids add comfort and safety on your journey.

VSM (Vehicle Stability Management):

VSM works in conjunction with ESC and Motor Driven Power Steering to ensure the car stays stable when simultaneously braking and cornering, especially on wet, slippery and rough roads.

EBD (Electronic Brake Force Distribution)

+ BAS (Brake Assist System):

EBD increases stability and helps prevent skidding. The system automatically optimises the distribution of braking power between the front and rear wheels in relation to changes in car weight during braking. BAS detects emergency braking depending on how quickly you step on the brake pedal. It instantly applies full braking force, which helps shorten the overall braking distance.

HAC (Hill-start Assist Control):

Perfect for starting on a steep hill, HAC prevents you from rolling backwards. The brake grip is maintained for two seconds until you accelerate.

1. Flex Steer:

With Flex Steer, you can adjust the steering performance to your personal driving style: it comprises Comfort mode for easy parking and urban driving, Normal mode and Sports mode for motorway driving

2. Excellent handling and comfort:

Thanks to the newly refined MacPherson front suspension and the rear multi-link suspension

3. ESC (Electronic Stability Control):

If you have to brake suddenly, ESC applies the correct amount of brake pressure to each individual wheel. It also reduces engine power to help you maintain control and bring your car back on course

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Safety technology

> Surrounded by a strong team

Wherever you're headed, the Kia cee'd gets you there safely

For the greatest stability and shock absorbance, the reinforced bodyshell on the cee'd range features fully interconnected body torsion parts. It's also fitted with 6 airbags – dual front airbags, two front side airbags and two curtain airbags. All safety measures have been rigorously tested to comply with the strictest European safety regulations.

Bodyshell:

Because your safety always comes first. The reinforced body panels are engineered with fully interconnected body torsion parts. Core members have been strengthened further and the B-pillar is made of ultra high-tensile-strength steel.

Airbag technology:

Six airbags protect you and your passengers.

Star performance:

The Kia cee'd hatchback has been awarded a five-star Euro NCAP safety rating making it amongst the safest cars in its class.

Details within this brochure are not intended to be a description of the vehicle but are simply a general overview. For a more detailed description please speak to your Kia dealer. If a particular item is important to you, please make sure it is mentioned, in writing, when ordering your car. This disclaimer does not affect your statutory rights. Images shown are for illustrative purposes only and not to UK specification. Features shown are not necessarily standard across the range.

Eco technology

> Looking after the planet

Climate and wallet-friendly ideas

Fuel-stretching engine Start/Stop (ISG) technology is available on certain engines in the cee'd range, which reduces fuel consumption and CO₂ emissions by automatically shutting down the engine when the car is at a standstill. This feature also includes the eco-friendly Energy Regeneration System. It's activated when you take your foot off the accelerator. The Energy Regeneration System uses the kinetic energy that is normally lost to recharge the battery – making it fuel and planet-friendly.

1. Energy Regeneration System:

Uses the kinetic energy when you take your foot off the accelerator to recharge the cee'd battery

2. Start/Stop system (ISG):

Stop at a traffic light and the cee'd engine is automatically switched off when your foot is off the clutch. As soon as you resume the journey, the engine restarts. A great way to save fuel and convenient for city driving

ECO dynamics

This badge shows you're doing your bit to save fuel and to reduce emissions with the Start/Stop system.

Active Eco Display:

Another intelligent measure for more efficient driving, the Active Eco System manages the air conditioning compressor and the alternator to save energy whenever possible

ECO Pack (applies to models featuring ISG):

This technology includes a whole range of efficiency measures: intelligent stop-and-go, a gear-shift indicator to help you drive more efficiently and energy-saving car tyres, which reduce fuel usage through less road friction.

ISG does not operate where there is excessive drain on the vehicle's battery. During winter months use of headlights, the heated rear screen and other electrical loads may inhibit ISG. Please log onto www.kia.com/uk for further information or refer to your Kia owners' handbook.

7 more reasons to join our Kia family

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

If you've taken our complimentary 7 day insurance, we've got you covered from the minute you leave one of our dealers. We'll also give you a £250 excess return voucher which pays you back regardless of who you're insured with if you call Kia first. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise – 7 great owner benefits when you buy your Kia and register at MyKia.

Care

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your cee'd which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply. Log onto www.kia.com/uk for details.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details

*For full terms, conditions and exclusions please visit kia.com/uk

Fully unlock these benefits when you register at **MyKia**
